

## **Monday, June 1**

### Language Arts

Reading Passages That Build Comprehension – Context Clues – Page 16 and Page 17 - Read and answer the questions.

Writing - Have the children pick a journal writing activity from one of the writing menus sent home in Learning Package #1 or write something of their choice. They can look in their writing folder for ideas if they like as well. It is probably a good idea to keep the various writing menus in their folder to make them easier to find, as we will be doing daily choice writing now. Completed writing on one side of the folder and writing they aren't finished on the other side. They may want to work on some pieces over a period of time. They can write whatever they like and then will choose which final (best writing) piece to send to me before June 12. Let them pick the one that they are the proudest of.

### Math

Watch the 3 videos on Patterns linked on the math page of the Weebly. This is our last unit in math. Number patterns is review as we looked at them in the fall. They may work through the pattern sheets that I scanned and sent to save you a trip to the school at their own pace. We will be discussing patterns on Google Hangout.

### Religion

Watch a bible story video from the Douglas Talks link on the Weebly Religion page or a Catholic Saints video on the drop down Saints page under Religion. Under the Learning Tips and Odds and Ends tab on the Weebly, there are also some Christian songs and dances they may enjoy.

## **Tuesday, June 2**

Have your child check Mrs. Johnson's Weebly page for Music/Art today.

### Language Arts

Poetry/Word Work – The Earthworm. Write the poem on a piece of paper to post somewhere that the children can read daily to practice their fluency and expression.
