

Monday, May 25

Language Arts

Reading Passages That Build Comprehension – Context Clues – Page 6 and Page 7 - Read and answer the questions.

Writing - Have the children pick a journal writing activity from one of the writing menus sent home in Learning Package #1 or write something of their choice. They can look in their writing folder for ideas if they like as well. It is probably a good idea to keep the various writing menus in their folder to make them easier to find, as we will be doing daily choice writing now. Completed writing on one side of the folder and writing they aren't finished on the other side. They may want to work on some pieces over a period of time. They can write whatever they like and then will choose which final (best writing) piece to send to me before June 12. Let them pick the one that they are the proudest of.

Math

The problems are all challenge problems this week taking their understanding further than 100 (grade 2). Don't worry if they can't, just let them challenge themselves.

Problem of the Day – You have 90 books on one shelf and 120 books on another. 50 are adventure books, 60 are science books, and the rest are mystery books. How many mystery books do you have?

Collecting and Representing Data– Continue working through the booklet at their own pace over the week. If finished, they may choose Math At Home activities from the menu sent home in Learning Package #1.

Religion

Watch a bible story video from the Douglas Talks link on the Weebly Religion page. Under the Learning Tips and Odds and Ends tab on the Weebly, there are also some Christian songs and dances they may enjoy.

Tuesday, May 26

Have your child check Mrs. Johnson's Weebly page for Music/Art today.

Language Arts

Poetry/Word Work – The Rainbow's End. Write the poem on a piece of paper to post somewhere that the children can read daily to practice their fluency and expression.

Reading Passages That Build Comprehension – Context Clues – Page 8 and Page 9 - Read and answer the questions.

Writing – Daily Choice Writing

Math

Problem of the Day – Last year, you collected 65 carrots and 73 ears of corn from your vegetable garden. This year, you collected 40 carrots and 25 ears of corn. How many more vegetables did you collect last year?

Collecting and Representing Data– Continue working through the booklet at their own pace. If finished, they may choose Math At Home activities from the menu sent home in Learning Package #1.

Religion

Watch a bible story video from the Douglas Talks link on the Weebly Religion page. Under the Learning Tips and Odds and Ends tab on the Weebly, there are also some Christian songs and dances they may enjoy.

Wednesday, May 27

Language Arts

Folktales & Fables – Read The Tortoise and the Eagle and complete the accompanying word work activities at your own pace over the next week.

Reading Passages That Build Comprehension – Context Clues – Page 10 and Page 11 - Read and answer the questions.

Daily Choice Writing

Math

Problem of the Day – You have two pet rabbits. You give each rabbit 5 lettuce leaves, twice a day. How many lettuce leaves do you need to feed your rabbits for 3 days?
