TIC-TAC-TOE

Play with a partner. Decide who is X and who is O. Take turns answering each question. If you get the question right, you can mark it with your sign.

Write your opinion about what the best kind of pet is. Be sure to use reasons!

Write down all the nouns, verbs, adjectives, and adverbs you can find in a book you are reading.

Read a page of your favorite book and explain in your own words what happened.

Write down as many synonyms as you can think of for the following words:

Toss-
Small-

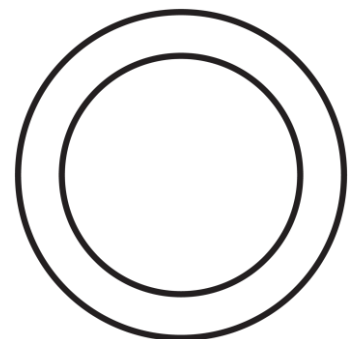

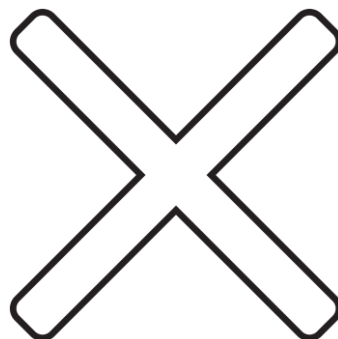

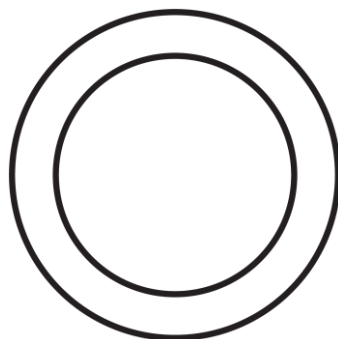

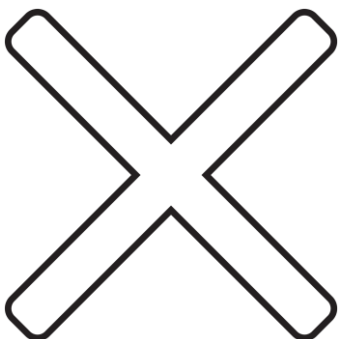

Think about your favorite story. Describe what happened and what you would have done differently if you had been the main character.

Write your family's names out as neatly as you can. Don't forget to capitalize!

Pick out two words from a book that you don't understand. Find out what they mean and write your own sentences with those words.

Write a story about the funniest thing you have ever seen. Read it to someone when you are done!

Pick a page in a book and try to read it as fast as you can. Have someone time you. Try it again to see if you are faster!

TIC-TAC-TOE

Play with a partner. Decide who is X and who is O. Take turns answering each question. If you get the question right, you can mark it with your sign.

Ask someone to read a book to you. Identify the main idea and the author's purpose of the book.

Write a summary about your favorite fairy tale or fable. Don't forget to write about the moral, or lesson of the story!

Look out your window. What do you see? Write a story about what you see and what you might want to see happen next.

Tell someone about a time you did something nice for another person. Be clear about what happened and try not to repeat yourself!

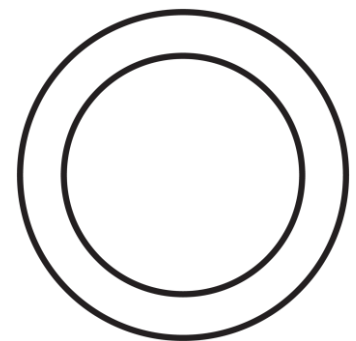

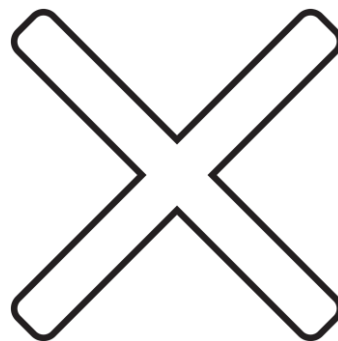

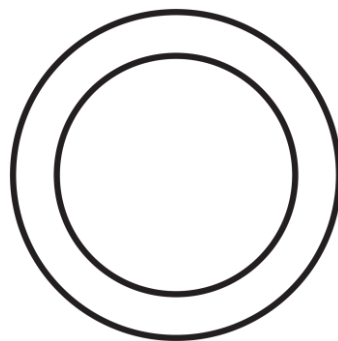

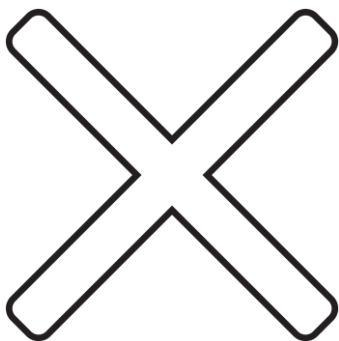

Pick your favorite food and write as many words as you can that describe it.

What is your opinion about eating vegetables? Write about your opinion and make sure you include your reasons.

Write about your favorite school event. Make sure you include details and describe as much of it as you can!

Find a book you haven't read in a long time. Have someone time you and see how fast you can read the first page. Can you beat your time?

Look up information on your favorite food. Write about the information you find.

TIC-TAC-TOE

Play with a partner. Decide who is X and who is O. Take turns answering each question. If you get the question right, you can mark it with your sign.

Find a book that has a word you don't understand. Write it down and see if you can use clues in the book to find out the meaning.

Pick a part of your favorite book. Rewrite what you wanted to happen.

Ask someone to tell you a story. See if you can write a summary of the story they told you after.

Rewrite the first 3 sentences in a book in your best handwriting!

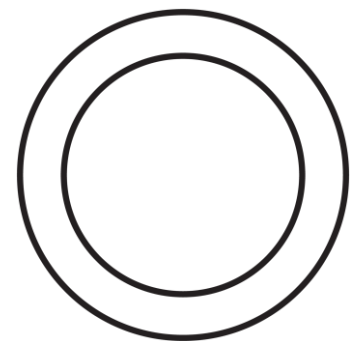

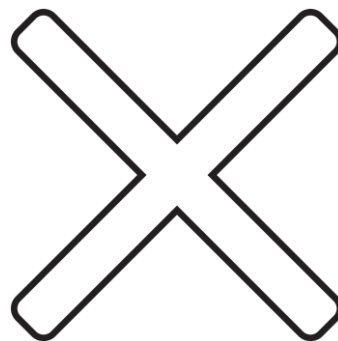

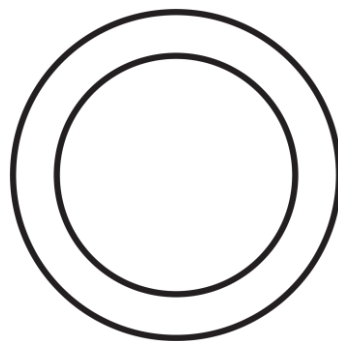

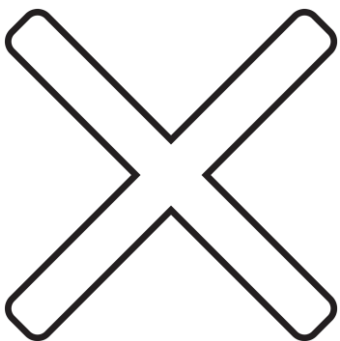

Look at a book with pictures. Can you explain the story by just looking at the pictures? Read the story after and see how you did!

Pick your favorite book and find your favorite part of the book. Ask someone to time you and read it as fast as you can.

Practice reading out loud to a pet or stuffed animal for 10 minutes.

Write down all the nouns, verbs, adjectives, and adverbs that you find in a story.

Write two sentences that are joined by a conjunction.

TIC-TAC-TOE

Play with a partner. Decide who is X and who is O. Take turns answering each question. If you get the question right, you can mark it with your sign.

Estimate and measure the different rooms in your house.

Subtract the following numbers:
 $84 - 29 = \underline{\quad}$

Skip count by 5s until you get to 350!

Complete the comparison:
 $354 \underline{\quad} 345$

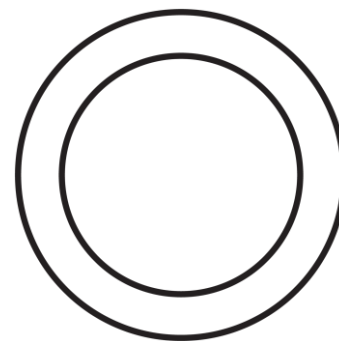

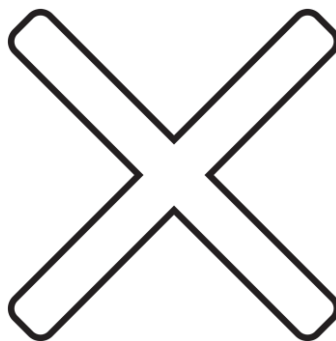

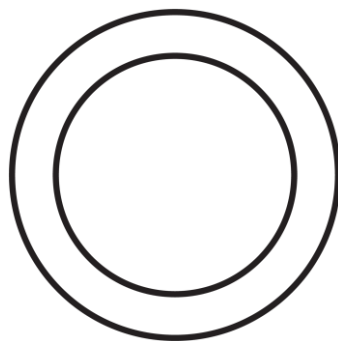

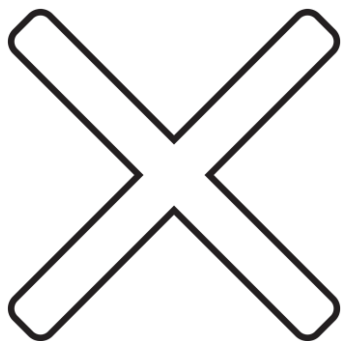

Write a subtraction story problem and see if different people in the house can solve it. Make sure you know the answer first!

Solve the problem and write about how you solved it:
 $268 + 192 = \underline{\quad}$

Find as much money as you can around the house and add it all up. Check the laundry room, under the sofa, in the car...

Estimate and measure the length of your kitchen table using inches, feet, and meters.

Find as many triangles as you can in your house and draw a bar graph to document how many you find in each room.

TIC-TAC-TOE

Play with a partner. Decide who is X and who is O. Take turns answering each question. If you get the question right, you can mark it with your sign.

Draw a square and a circle. Divide them each into halves and fourths.

Grab a handful of beans or noodles (or whatever you can find). Did you grab an even or odd number?

Add the following numbers:

$$54 + 13 + 26 = \underline{\quad}$$

Subtract the following numbers:

$$468 - 259 = \underline{\quad}$$

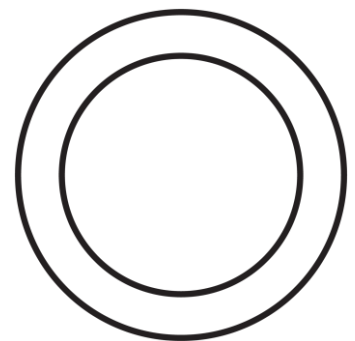

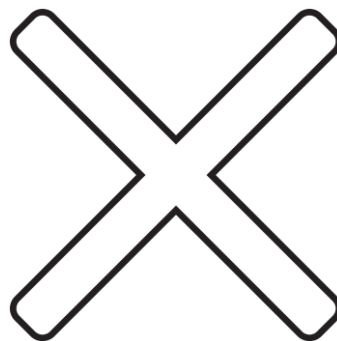

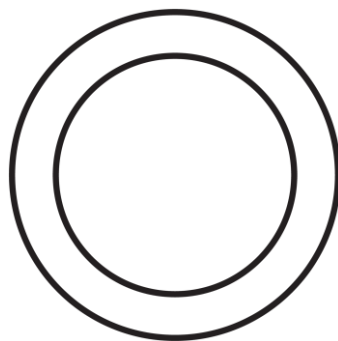

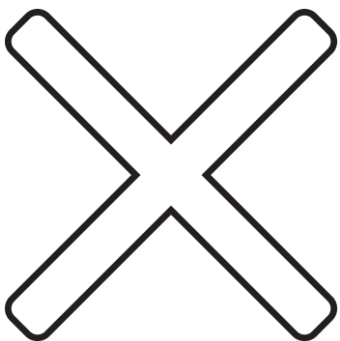

Using an analog clock, write down the time you see. Check it with a digital clock!

Skip count by 5s until you get to 200!

Find as many quadrilaterals in your house as you can.

Create an array that is 3 rows and 4 columns. How many does it equal?

Estimate and measure the length of your kitchen.

TIC-TAC-TOE

Play with a partner. Decide who is X and who is O. Take turns answering each question. If you get the question right, you can mark it with your sign.

Estimate and measure the length of your bed.

Explain your favorite addition strategy to someone at your house.

Subtract the following numbers:
 $56 - 23 = \underline{\quad}$

Skip count by 10s to 500.

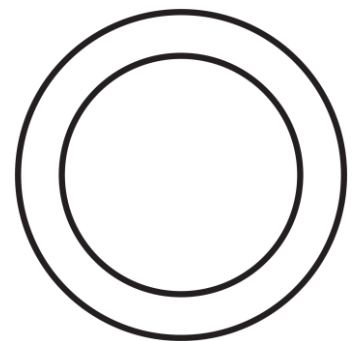

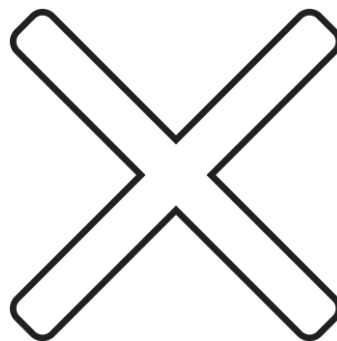

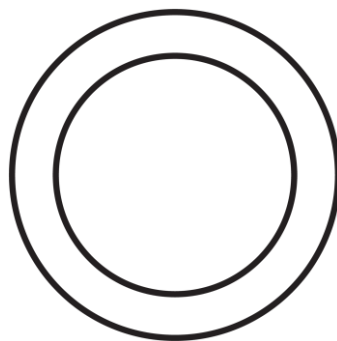

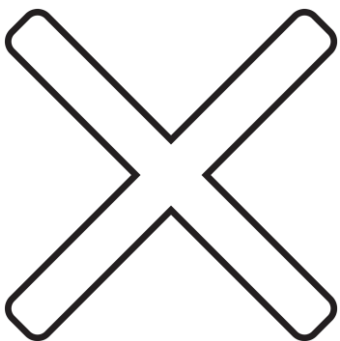

Draw a rectangle. Divide the rectangle into two rows and 5 columns. How many squares do you have now?

Grab a handful of beans or noodles (or anything you can find). Did you grab an even or odd number?

Add the following numbers:
 $165 + 55 + 120 = \underline{\quad}$

Create a number line from 1-10.

Explain to someone at your house the difference between a triangle and a rectangle.
